

Let's talk!

All of us are either infected or affected.
That is why HIV/AIDS is our concern.

Let's be active!

We as companies have a great potential to prevent and control HIV/AIDS by

- Fully supporting infected colleagues
- Sharing information about HIV/AIDS
- Distributing condoms
- Protecting the rights of HIV+ colleagues
- Connecting to Voluntary Counselling and Testing (VCT) as well as Home Based Care in the communities
- Improving medical care and treatment

Let's join hands with our colleagues and friends!
